Hi Kim, Good timing! I just got off the phone with Steve Graham and have also just talked with Lou Bettencourt (QRCC Superintendent). QRCC paid our oldest bill today and Maureen from their accounting office is trying to expedite payment of the second oldest. Steve, Lou, and I went through the other items I had listed (pesticide locker, water withdrawal reports, water quality reports, IPM report). Lou is working with Brent to order an appropriate locker for the chemicals. Steve will be getting us the water withdrawal and quality data, and Lou is drafting the required annual Superintendent's IPM report. The goal is for us to talk again on Monday once Steve finds out what data is available.

Hello Mike,

I just wanted to touch base with you on your recent matter with QRCC.

We had discussed it that the 2/13/07 Planning Board meeting. Jenn Shea and Steve Graham had attended the meeting and stated they had no knowledge of this matter. I had given them a copy of your letter and Jenn Shea stated that she would report back to us. She stated she would complete a report for the next Planning Board meeting and as of now, I haven't received anything yet.

If you are interested, you may attend our Planning Board meeting on Tuesday night 2/27.

Please don't hesitate to contact us, if you have any questions.

Sincerely,  
Kim
